

Literacy Stations

Set 16

1. **Dinosaurs:** Students will color and assemble dinosaur body parts to make a complete dinosaur. If students have extra time when finished, they will make a list of words that can be made from the word *dinosaur*.
2. **Art:** Students will assemble a dinosaur scene with a window cut out from it. There will be a wheel behind the scene with various dinosaurs on it. Students will use a brad to connect the wheel to the scene so students can turn the wheel to change the dinosaur in the window.
3. **Read the Room:** Students will read the room, recording words which contain blends. After recording the words, they will use a highlighter marker to highlight the blends.
4. **Writing:** Students will make a book of friends. On each page, the student will write a sentence about a classmate using an adjective. They will write another sentence stating a detail about their friend.
5. **Computers:** Students will use the *Shapes* program to do pattern block activities.
