

# Literacy Stations Set 19

1. **Math:** Students will have a choice of playing Total of Ten or Counters in a Cup, two math games from the Investigations series. A math facts paper will be available for them to complete if they have extra time.
2. **Weather:** Students will use cotton balls on construction paper to illustrate four different types of clouds.
3. **Animals:** Students will use yarn to cover a paper dog pattern to represent the fur on a dog. This is the second of five animal coverings projects the students will do.
4. **Big Books:** Students will complete a book report form using a big book of their choice.
5. **USA:** Students will complete a USA floor puzzle.
6. **Computers:** Students will use Ultimate Writing Center to type three sentences about mammals and create a picture with mammals.
