

Literacy Stations Set 20

1. **Math:** Students will use the 100 boards to put tiles in order from 1 -100. If they have extra time, they will complete a 100 chart by writing in the missing numbers.
2. **Weather:** Students will make a wheel of seasons. When they turn the wheel, they will see the name of the season and a corresponding picture which they have to color.
3. **Animals:** Students will use feathers to cover a paper bird pattern. This is the third of five animal coverings projects the students will do.
4. **USA:** Students will use a map of USA to complete a paper. Students have to imagine that they are in Kansas. They have to write the cardinal direction they would use to travel to get to the state listed on the paper.
5. **Spelling:** Students will write a sentence for each spelling word. When finished, they will spell the words with magnetic letters.
6. **Computers:** Students will use Ultimate Writing Center to type three sentences about birds.
